

## HOW TO ORDER AJAX "ACTION PHOTOS"

Fall, 2009

Hello Everyone:

I have been asked to take a few random "action photos" of the Ajax games this year and will periodically be posting them on this website. If anyone is interested, I can make these photos available for sale. I typically sell only 8x10" prints of action photos, and offer them for \$10/print. These will be high resolution photos, and I will crop and color balance the image, etc. They will be printed at a professional lab in Ohio using real chemistry - not laser nor inkjet printer output. For display purposes, I may occasionally add some enhancements to these images (picture frames, spins, B&W, etc.). If you wish to purchase any enhanced prints or other merchandise (eg: magazine covers, Headliners, torn edges, collages, "stepping out frames," etc.), please send me an email at the address below and I would be glad to discuss these options with you.

Best wishes for a great season!
